# Secondary Program Analysis and Boundary Studies Community Engagement Plan Update

Montgomery County Board of Education Thursday, June 24, 2025

## **Secondary Programs Analysis and Boundary Studies Update**

### **Boundary Studies**

• We are here to share an update on the community engagement and current feedback for the initial options round for the boundary studies.

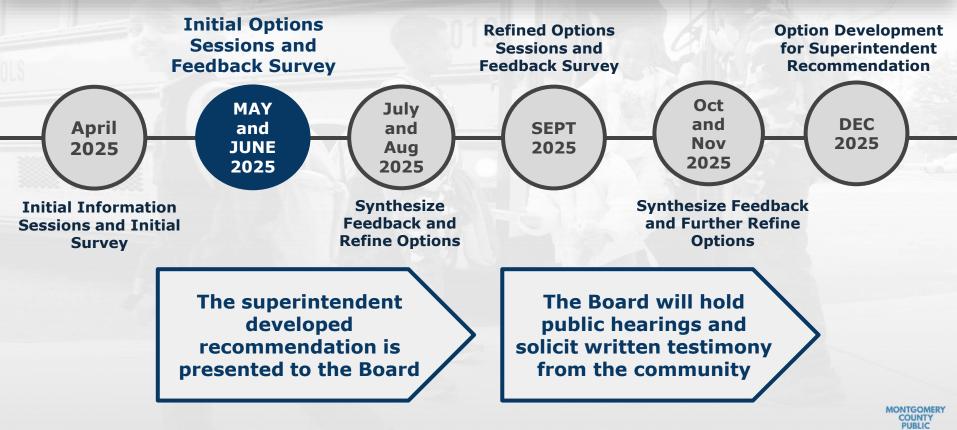

### Secondary Program Analysis

- MCPS is reimagining academic programs to ensure equity of access.
- The community and school-staff design team recommends a framework for what should be offered in all high schools and what regional programs should be available to all students.
- A proposed six regions model has been developed to better serve all students.

**#MCPSForward** 

The superintendent recommends the Board receive this report for information and discussion.

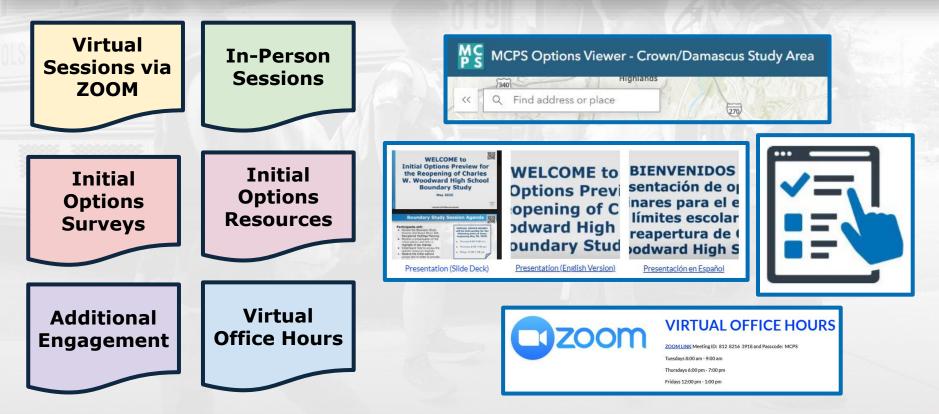

# **Boundary Study Process Timeline**

Maryland

#MCPSforward

## **Boundary Studies Initial Options Engagement**

#MCPSforward

# **Early Themes in the Initial Options Phase**

### **CROWN STUDY**

Initial options that do not offer current MS and HS assignment (Wayside ES, Dufief ES, Stone Mill ES, and Lakewood ES communities)

### **CROWN STUDY**

Possible K-12 programmatic implications with initial options (Potomac ES and College Gardens ES communities)

### **CROWN STUDY**

Longer school commutes with initial options MS and HS assignments (Gibbs ES and Cabin Branch ES communities)

### **CROWN STUDY**

Questions about future school construction projects (Woodfield ES and Damascus HS communities)

### **COMMON THEMES**

- Consideration for future development projects
- Cost analysis for each option
- Academic Program Opportunities
- Split articulation
- Implementation Timeline
- Initial Options vs. Refined Options

### **WOODWARD STUDY**

Split articulation for smaller group of students (Burning Tree ES, Garrett Park ES, and Silver Creek MS Communities)

### WOODWARD STUDY

Residing in two walk zones and initial options only offer one HS assignment (Blair and Northwood communities)

### WOODWARD STUDY

Maintain Primary K-2 and Intermediate 3– 5 school articulation patterns (Rosemary Hills ES, Chevy Chase ES, and North Chevy Chase ES communities)

### **WOODWARD STUDY**

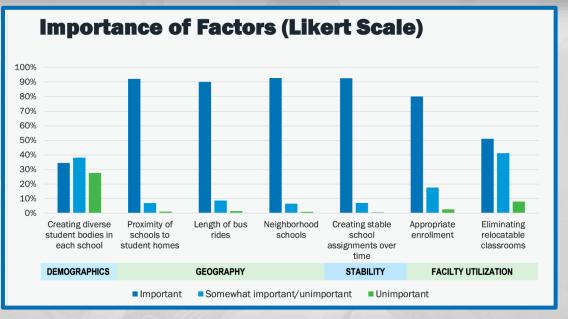

Downcounty Consortium and HS programs (Blair HS, Einstein HS, Kennedy HS, Northwood HS, and Wheaton HS communities)

## **Programs Analysis Goals and Core Considerations**

## Realign high-quality secondary academic programs to:

Ensure Equitable and Abundant Access to Opportunity(ies)

Align to Community and Industry Needs

Use Resources Efficiently

## **What We Believe**

**Rigorous** Curriculum

01

Rigorous curriculum, high expectations, and excellent teaching is our real driver. Excellence & Outcomes

02

For all students is our goal.

Equity, Abundance & Access

03

Must drive any and all academic opportunities. 04

### High Quality Schools

Our institutional focus must be on strengthening the instructional program in every school

or more!

High-Quality Curriculum Resources and Staffing

Standardized Local Opportunities

# 2. Design Team: At All High Schools

# 2. Design Team: Baseline Courses

### **Core Required Courses**

#### **Advanced Courses**

- Advanced Placement or International Baccalaureate
- Dual Enrollment
- Preparation for Advanced Courses (ex. honors)

### Course progression opportunities to meet varied

**interests.** (electives, advanced courses, Career and Technical Education pathways)

- 2–3 World Languages with upper level courses
- Fine Arts (music, visual)
- English
- Math
- Social studies
- Science
- Advance technology, coding, engineering
- Financial literacy, business, entrepreneurship
- Physical Education
- Work-based Learning

#### Research Capstone (ex. AP Research) Local Innovation

### Advanced Placement (or IB) Courses

#### Math

• Pre-Calculus, Calculus AB, Calculus BC, Statistics

#### English

• English 10 AP Seminar, Language and Literature, English Literature

Science

• Biology, Chemistry, Physics

#### Social Studies

• Government, U.S. History, World History, Psychology, Human Geography

### World Languages

• Spanish, French

#### Technology

- Computer Science Principles, Computer Science Java Arts
- 1–2 minimum based on student interest

# **3. Design Team: Refined Regional Themes**

Theme	Possible Pathways
Science, Math, and Technology	Advanced biological and physical sciences and math
Information Technology, Engineering, & Robotics	<i>Computer science, cybersecurity, all aspects of engineering</i>
Global Humanities and Leadership	International Baccalaureate, non-Western languages, leadership and social justice
Finance, Entrepreneurship, and Marketing	Finance, business, accounting, and entrepreneurship
Arts, Entertainment, and Design	Media, communications, performing arts, visual arts
Health and Human Services	Healthcare professions, medical, biotechnology
Education and Public Service	Teacher preparation, legal studies, criminal justice

# **All Regional Programs**

Regional Programs will:

- Include both criteria-based and interest-based pathways
- Include 4-year courses of study
- Include advanced and in-depth course opportunities
- Integrate existing high-quality programs
- Prepare students for college and career
- Have on and off ramps for student access
- Be resourced equitably

# **Phase 2 Outreach and Engagement**

### **Engagement plan goals:**

- <u>Inform</u> participants of the background and intent of the project.
- <u>Consult</u> with members by obtaining feedback on key programs that must be available to all of our students.
- <u>Involve</u> community members in the process to ensure stakeholder concerns and aspirations are considered.
